

## Community Breakfast

Saturday the 2nd March we held our 12th Community Breakfast, there were 22 helpers and we served 141 Full English Breakfasts. This is the largest number of breakfasts we have served over the past 5 years.

My thanks go to the fantastic kitchen team of Judy, Rob, Catherine and Jo. You all work so well together and without them we could not achieve the outreach and mission to the community.

We had 18 helpers who welcomed, served, made toast, tea and coffee and helped to make every one so welcome. Thank you. This time we were able to include a front of house team who greeted the people at the door and escorted them to their seats, where others took their orders. This was well received by the diners.

Over the past 5 years this event has been blessed with a strong sense of fellowship between Church and Community, great team work among ourselves and an increase in the number of people from all walks of life, to share with.

Jenny English
