

Christingle Service

Absolutely Magical, at least that is how one of the congregation described our Christingle Service as she left the church after it. Around 200 people turned up for the service and the children made their Christingles during the service as the elements of it were explained to them.

Beth Broadway had organised the event and brought people to help prepare the Christingle Kits and then others to help hand out the kits before the service. Rob Little helped demonstrate to the congregation how to build the Christingles following an explanation of the meaning of each element by the Rev Phil Bradford.

The service was held with the lights on until the Christingles were lit and then the main lights were switched off creating a wonderful setting for the final carol.

It was a truly wonderful service. If you missed it then keep an eye out for 24th December 2023 for the next one.
